

WHAT DOES IT MEAN TO BE A JOURNEYMAN SIGN ELECTRICIAN?

Signs are an integral part of our history and culture. Sign electricians ensure a safe and legal installation so the general public will be able to find what they want in a safe environment.

AS A JOURNEYMAN SIGN ELECTRICIAN YOU WILL NEED TO BE ABLE TO:

- Work at heights most others would think were impossible.
- Learn to weld in all kinds of situations.
- Operate large trucks and operate cranes and aerial ladders.
- Often times tow large trailers.
- Learn to repair cranes and aerial ladders.
- Communicate well with other sign people, inspectors and employers.
- Read and understand codes, blueprints and designs.
- Respect electricity.
- Perform in a quality, workmanship like manner.
- Work in all types of weather.
- Lift weights from 30 to 50 lbs.
- Sometimes work odd hours.
- Take pride in your work! This is one trade where you can see the fruits of your labor everywhere you go.
